

## **Non-conflict Mineral Statement**

We herewith state that the stainless steel used for the products we supply, does not contain any “Conflict Minerals” in the sense of Wall Street Reform and Consumer Protection Act.

The stainless steel used is casted in Europe, mainly by melting locally recycled stainless steel scraps and without addition of any of the following elements:

Gold (Au) – Tin (Sn) – Tantalum (Ta) – Tungsten (W Wolfram)

No material supplied us derive from or include such raw materials like columbite-tantalite, cassiterite, gold and/or wolframite or their derivatives that were mined in conditions of armed conflict and human rights abuses, in the Democratic Republic of the Congo (DRC) or adjoining countries.
